Rule 5: Application of Tariff

(A) General

1. This Tariff is applicable to the transportation of passengers and their accompanying baggage using aircraft marketing code of the operated by Iberia to and from Canada
2. With the approval of the Agency, the carrier may enter into code-share agreements with other air carriers whereby it will market, as its own, flights operated by those other carriers. In such cases, this tariff is applicable to the transportation of passengers and their baggage on all flights operated by other carriers yet marketed and sold as Iberia.
3. **Applicable to transportation originating to/from Canada :**
 - (a) Air transportation will be subject to the rules, rates, fares and charges published or referred to in this tariff in effect on the date which the ticket is issued,
4. Unless the fare rule governing a specific fare basis code applicable to the transportation purchased by the passenger states otherwise, the general rules contained in this tariff will apply.
5. The content of this tariff constitutes the contract between the carrier and the passenger. Should there be a conflict between this tariff and any other document issued or posted by the carrier, this tariff will prevail.
6. No agent, employee or representative of the carrier has the authority to alter, modify or waive any provisions of this tariff.
7. The carrier's rules, regulations and conditions of carriage as found in this tariff are subject to change without notice only when required by applicable laws, government regulations, orders and requirements.
8. The carrier will be responsible for the furnishing of transportation only over its own services, including those services offered via code-share arrangements where the flight is operated by another carrier. However, when the carrier issues a ticket, baggage check, or make any other arrangements for transportation over the services of any other carrier (whether or not such transportation is part of a through service), the carrier acts only as agent for such other carrier and the tariff of that other carrier will apply. Iberia will assume no responsibility for the acts or omissions of such other carrier.
9. International transportation will be subject to the rules relating to liability established by, and to all other provisions of the Convention. The carrier may stipulate that the limits of liability contained in this tariff are higher than those

provided for within the applicable Convention or that there are no limits of liability whatsoever. In all other instances, tariff rules which are inconsistent with any provision of the Convention will, to that extent, be inapplicable to international transportation.

(B) Gratuitous Carriage

Except for the provisions of the Convention, the carrier reserves the right to exclude the application of all or any part of this tariff with respect to gratuitous carriage as stated in this tariff.

(C) Passenger Recourse

Any compensation offered to passengers is found in this tariff and is subject to applicable government regulations.

In the case of dispute with the air carrier, passengers should, as the first recourse, try to resolve any problem by dealing directly with the carrier. If the passenger has attempted to resolve a complaint with the carrier and is still not satisfied, the passenger may take the matter to either the Canadian Transportation Agency or the appropriate court, as the passenger prefers.

Rule 7: Protection of Personal Information

Data protection policy can be found under <http://www.iberia.com/us/legal-information/>

(A) Accountability

The carrier is responsible for personal information under its control.

The carrier uses contractual means to ensure that the passenger's personal information is afforded protection whenever a third party service provider is used to perform services on the carrier's behalf, including, without limitation, services relating to information technology, data processing and storage, research, marketing, conducting surveys and customer relations. In some cases, these third party service providers may be located outside Canada and may be required to disclose information to government authorities in those countries.

Should the passenger have any questions regarding the carrier's policy with respect to the protection of personal information or concerns with respect to the carrier's handling of personal information, the carrier may be contacted at: clasica@iberia.es

(B) Identifying Purpose of Collection

When a passenger purchases an airline ticket or makes a flight booking, or when a third party does so on the passenger's behalf, the carrier will require that certain personal information related to the passenger be provided to complete the transaction. This may include the passenger's name, gender, address, e-mail address, telephone number, and information related to the passenger's form of payment. This information is required to identify the passenger, in order to contact the passenger, and to complete the purchasing process.

Information required by Government Authorities

There may be situations in which a carrier is required by government authorities to collect, use or disclose personal information about a passenger, without the passenger's knowledge or consent. Information that carriers are required to collect by government authorities, as a result of the passenger's boarding location and destination, may include: the passenger's full name; date of birth; citizenship; gender; passport number and country of issuance; visa number; permanent resident card number; the means by which the passenger paid for his or her flight; details as to how it was booked; and any other personal information collected by the carrier as set out in this policy or as required by such government authority.

Information collected for Additional Services or Marketing and Related Purposes

When a carrier is requested to provide additional services, for example, the provision of special meals, oxygen or stretcher services, accommodation for passengers with

disabilities or to oversee the travel of unaccompanied minors, etc. the carrier may collect additional personal information not otherwise required.

Personal information collected from passengers may also be used for marketing and related purposes.

(C) Consent

The carrier will collect, use and disclose personal information about the passenger with the passenger's knowledge and consent, unless otherwise required or allowed by law. Prior to collecting personal information, the carrier will identify the purposes for doing so and limit the collection, use and disclosure of personal information to those purposes.

Generally, the carrier will collect personal information from the passenger, and use it and disclose it with consent received from the passenger or from someone on the passenger's behalf.

If the carrier identifies a new purpose for using or disclosing the passenger's personal information, unless otherwise required by law, the carrier will contact the passenger to obtain his or her consent for the new use or disclosure and the carrier may use the passenger's contact information, including the passenger's e-mail address, to do so.

Passengers can give consent in many ways. For example:

- (a) an application form may be used to seek consent, collect information, and inform the passenger of the use that will be made of the information. By completing and signing the form, the passenger is giving consent to the collection and the specified uses of the information;
- (b) a checkoff box may be used to allow the passenger to request that their name and address not be given to third parties. A passenger who does not check the box is assumed to consent to the transfer of their information to third parties;
- (c) consent to the carrier may be given orally when information is collected over the telephone; or
- (d) consent to the carrier may be given at the time that passengers use a product or service.

There may be certain circumstances where personal information can be collected, used, or disclosed without the knowledge and consent of the passenger. For example, legal, medical, or security reasons may make it impossible or impractical to seek consent. When information is being collected for the detection and prevention of fraud or for law enforcement, seeking the consent of the passenger might defeat the purpose of collecting the information. Seeking consent may be impossible or inappropriate when the passenger is a minor, seriously ill, or has a mental health condition.

Withdrawal of Consent

A passenger may withdraw consent at any time, subject to legal or contractual restrictions and reasonable notice. The carrier will inform the passenger of the implications of such withdrawal.

Third Party Bookings and Changes to Bookings

If a third party, including a family member, friend, or work colleague, seeks to make a booking on a passenger's behalf, that third party may be asked to provide the carrier with the same personal information that the carrier would normally collect from the passenger directly in order to complete the transaction. Unless and until the carrier is advised otherwise, the carrier considers that such a third party has the passenger's consent and authorization to provide the carrier with the passenger's personal information and make bookings (and changes thereto) on the passenger's behalf in accordance with the carrier's privacy policy set out in this tariff. Please note that the collection, use and disclosure of the passenger's personal information by a third party is subject to the passenger's dealings with the third party and any applicable privacy policies and practices the third party may have.

If a third party who has booked the passenger's current flight or other travel service or who otherwise has the passenger's full name and booking reference, contacts the carrier and seeks information on the passenger's booking or wishes to make changes to it, the carrier will disclose the passenger's booking information. The carrier will also allow such third party to make changes to the passenger's booking as the carrier will conclude that the passenger has given the third party his or her consent to do so. If the passenger does not want a third party to be able to obtain information on or make changes to the passenger's booking, the passenger should not share the passenger's booking reference with the third party.

(D) Limiting Collection

The carrier will limit the collection of personal information to that which is necessary to fulfill the purposes for which it was identified by the carrier.

Passengers who do not wish to be contacted about special offers or for marketing, research, and survey purposes or any other reason not directly linked to the provision of purchased services on a specific flight, should advise the carrier of their preference at the time of booking.

(E) Limiting Use, Disclosure and Retention

The knowledge and consent of the passenger are required for the collection, use, or disclosure of personal information. If the carrier uses personal information for a new purpose, the carrier must document it, inform the passenger and obtain the passenger's consent once again.

The carrier will not use or disclose the passenger's personal information for purposes other than those for which it was collected without the passenger's consent or as required by law. The passenger should understand that all carriers are required by security laws in several countries to give border control agencies access to passenger data. Accordingly, any information the carrier holds about a passenger and his or her travel arrangements may be disclosed to the appropriate authorities of any country on the passenger's itinerary.

Passenger information is retained for as long as necessary to fulfill the purposes for which it was collected or as required by law. Afterward, the information is destroyed, erased or made anonymous.

(F) Accuracy

Personal information will be as accurate, complete, and up-to-date as is necessary for the purposes for which it is to be used.

The carrier will provide the means to ensure that a passenger can update his/her personal information when necessary to do so.

(G) Safeguards

Personal information will be protected by the carrier through security safeguards appropriate to the sensitivity of the information.

(H) Openness

The carrier will make readily available to a passenger specific information about its policies and practices relating to the management of personal information.

(I) Individual Access

Upon request, a passenger will be informed of the existence, use and disclosure of his or her personal information and will be given access to that information. The passenger will be able to challenge the accuracy and completeness of the information and have it amended as appropriate. Any request must be submitted via the following contact:

clasica@iberia.es

All requests will require no more than 14 days to process.

(J) Challenging Compliance

A passenger will be able to inquire or complain to the carrier about its compliance with its practices relating to the management of personal information. Inquiries or complaints may be sent to the designated individual(s) accountable for the carrier's compliance at the following address: <http://www.iberia.com/us/legal-information/>

For any further clarifications or questions, please contact the company at the following e-mail address: atencion_datospersonales@iberia.es.

Part II – Before Departure

Rule 10: Application of Fares and Charges

(A) General

Applicable fares are those published by or on behalf of the carrier or, if not published, constructed in accordance with the carrier's tariff.

Fares and charges will apply only to air transportation between the points named on the ticket. Ground transfer services, unless otherwise specified in Rule 85, Ground Transfer Services, will be arranged by the passenger and at his/her own expense and are not subject to the terms of this tariff.

Fares, rates and charges are filed through the Airline Tariff Publishing Company (ATPCO) in Tariff IPRAI- M900

(B) Fares in Effect

1. Subject to government requirements and this tariff:

- (a) **Applicable to transportation which originates in Canada.**

The applicable fare is the fare in effect on the date which the ticket is issued.

No increase in fares and charges will be collected or more restrictive conditions of carriage (including those related to baggage) applied in the event that an increase in fares and charges occurs or more restrictive conditions are imposed between the date of ticket issuance and the date of travel, provided:

- (i) The ticket is issued with confirmed reservations from a point of origin in Canada or the United States at fares and charges applicable on the date of ticket issuance for the date of commencement of travel; and,
- (ii) The confirmed ticketed reservations are not changed at the passenger's request. Should the passenger request a change to the ticketed reservations then the passenger will be obliged to pay the difference in the fares or be subject to the more restrictive conditions imposed as a result of the change; and
- (iii) Sale occurs and the ticket is issued in Canada.

If, after a ticket has been issued, a decrease in fares and charges applicable to the transportation covered by the ticket becomes effective, no refund in whole or in part of the original fare will be permitted unless otherwise specified in the applicable fare rule associated with the fare.

(b) **Applicable to all other transportation not outlined in 1.(a) above:**

The applicable fare is the fare in effect on the date of commencement of the carriage as indicated for the first flight segment of a ticket.

If, after a ticket has been issued and before any portion of the ticket has been used, an increase or decrease in the fares or charges applicable to the transportation covered by the tickets becomes effective, the full amount of such increase or decrease will be collected from, or refunded to, the passenger as the case may be.

When the amount collected is not the applicable fare, the difference shall be paid by the passenger or, as the case may be, refunded by the carrier, in accordance with this tariff.

(C) Routing

1. Unless otherwise provided in the carrier's tariff, fares apply only to their associated routing. If there is more than one routing associated with a fare, the passenger, prior to their ticket being issued, may specify the routing they prefer. If no routing is specified, the carrier may determine the routing. *(See Rule 50, Routings)*

(D) Taxes and Charges

Any tax or charge imposed by government or other authority, or by the operator of an airport, in respect of a passenger or the use by a passenger of any services or facilities will be in addition to the published fares and charges and will be payable by the passenger, except as otherwise provided in the carrier's tariff. *(See Rule 15, Taxes)*

(E) Currency of Fares

1. All fares and charges are stated in Canadian dollars for travel commencing in Canada.
2. All fares and charges, for travel commencing outside Canada are stated in the local currency of the country where travel commences, except to the extent that IATA rules provide for the establishment of fares in another currency.

Rule 35: Capacity Limitations

(A) General

1. A reservation for space on a given flight is valid only when the availability and allocation of that space is confirmed by the carrier and the passenger has paid the appropriate fare and a ticket has been issued for that space.
2. On any given flight, the carrier may limit the number of passengers carried at any given fare. All fares will not necessarily be available on all flights. The number of seats which the carrier shall make available on a given flight will be determined by the carrier's best judgment as to the anticipated total number of passengers on each flight.

Rule 40: Reservations

Note: In the case of code-share, the rules applicable to a passenger's transportation, and that of their baggage, are those of the carrier identified on the passenger's ticket and not of the carrier operating the flight.

(A) General

1. A reservation for space on a given flight is valid when the availability and allocation of the space is entered into the carrier's reservation system and a confirmation number/code is obtained which authenticates the reservation.
2. The carrier will only issue a ticket against a valid reservation. Subject to payment or other satisfactory arrangement and passenger compliance with the check-in time limits set out in paragraph (F) below, a ticket will be issued to the passenger by the carrier or agent of the carrier indicating that the passenger is holding confirmed space for the flight(s) shown on the ticket. The ticket will only apply between the points named on the ticket and the flight coupons that are presented.
3. A passenger who is holding an unused flexible ticket, or who wishes to change his or her their reservation for another date, will not be entitled to any preferential right to secure a new reservation.

(B) Seat Assignment

1. The carrier does not guarantee the assignment of any particular space on the aircraft.

Advance seat selection

2. The passenger may pre-select a seat when booking a fare. However, a fee will be assessed if it is a condition of the fare purchased. Exception: Persons with Disabilities who require such a seat to meet a disability-related need will not be charged a seat selection fee. The advance seat selection fee will be charged per passenger and per each way of travel and will be applied as follows:
 - (a) Applicable Fees for travel:
 - (i) Between Canada and International points : See Table 1
 - (b) Seat selection fees are non-refundable unless:
 - (i) the carrier must move the passenger from their pre-paid, pre-selected seat due to an involuntary schedule or airport change or due to safety or operational reasons

(C) Cancellation of Reservations

The carrier will cancel reservations of any passenger:

1. To comply with any government regulations; or,
2. To comply with any government request for emergency transportation; or,
3. Due to force majeure, or
4. When the passenger has failed to meet check-in requirements set out in paragraph (F) below.

If a carrier does cancel a passenger's reservation due to (C)1., 2. or 3. the passenger may take advantage of the provisions found in Rule 100, Passenger Rights (Per Flight Rights Canada).

(D) Passenger's Responsibility

The passenger must arrive at the airport with sufficient time to complete check-in, government formalities, security clearance and the departure process while meeting the time limits detailed in (F) below. Flights will not be delayed for passengers who have not completed any of these pre-boarding requirements. The carrier will not be liable for loss or expense due to the passenger's failure to comply with this provision.

(E) Failure to Occupy Seat

If the passenger does not occupy space which has been reserved by/for him/her and the carrier is not notified of the cancellation of such reservation up to and until the scheduled departure of that particular flight, the carrier will cancel all continuing or return reservations held by the passenger and will not be liable for doing so other than to refund the passenger's ticket in accordance with the applicable fare rule and Rule 125(C), Voluntary Refunds.

(F) Check-in Time Limits

Travel	Recommended check-in time*	Check-in/baggage drop-off deadline**	Boarding gate deadline***
International	120 minutes	60 minutes	35 minutes

Note: In the case of code-share, passengers are advised that the reservations rules applicable to their transportation are those of the carrier identified on your ticket and not of the carrier operating the flight.

Note: If certain circumstances require a passenger to check-in or present themselves at the boarding gate earlier than the above deadlines, carriers should set out such circumstances and the related deadlines (e.g. to reflect additional time that might be needed to prepare and board a person with a disabilities' power wheelchair at certain airports).

***Recommended check-in time:** To ensure that the passenger has plenty of time to check in, drop off checked baggage and pass through security, the above table sets out how much in advance of the flight's departure time the passenger should check in. e.g. if the passenger's flight from Paris leaves at 4:00 pm, the carrier recommends that the passenger check in at 2:00 pm (120 minutes before the flight).

****Check-in and baggage drop-off deadline:** The passenger must have checked in, obtained their boarding pass and **checked all baggage** at the baggage drop-off counter before the check-in deadline for their flight. e.g. if the passenger's flight to Paris leaves at 7:00 a.m., the passenger is required to have checked in and checked all baggage with carrier by 6:00 a.m. (60 minutes before their flight).

*****Boarding gate deadline:** The passenger must be available for boarding at the boarding gate by the boarding gate deadline, e.g. if the passenger's flight to Paris leaves at 11:00 a.m., the passenger must be at the boarding gate no later than 10:25 a.m. (i.e., 35 minutes before their flight).

If the passenger fails to meet the time limits specified in the above chart, the carrier may reassign any pre-reserved seat and/or cancel the reservation of the passenger and the carrier may not be able to transport the passenger's baggage. The carrier is not liable to the passenger for loss or expense due to the passenger's failure to comply with this provision.

Note: It is recommended that the passenger provide the carrier with a point of contact (e-mail address and/or telephone numbers) in case the carrier must communicate with the passenger prior to his/her departure or at any point during the passenger's itinerary. A carrier has an obligation to make a reasonable effort to inform its passengers of any delays or schedule changes. (See Rule 90(B)4.)

Rule 45: Stopovers

(A) General

Stopovers will be permitted under the following conditions:

- (a) Stopovers must be arranged with the carrier in advance and specified on the ticket.
- (b) Specific fare rules may not permit stopovers or limit the number of stopovers allowed or there may be an additional charge for stopovers based on the fare purchased by the passenger. Refer to the rule applicable to the fare in question for further information.
- (c) If a portion of a journey is travelled by surface transportation, a stopover will be deemed to have taken place for such transportation.
- (d) **For travel to/from Canada except** : No stopover will have occurred if the passenger departs the connecting point on the date of arrival or if there is no scheduled connecting departure on the date of arrival, the passenger's departure occurs the next day and within 24 hours of arrival at the connecting point.

Rule 50: Routings

(A) Application

1. A routing is applicable only to the fares which are specifically associated with it.
2. A routing may be travelled via any or all of the cities named in the routing diagram, unless otherwise restricted.
3. All or part of the applicable routing may result in non-stop travel.
4. An intermediate point(s) specified along the routing may be omitted.
5. All routings are applicable in either direction, unless otherwise restricted.
6. For those routings permitting choice of carrier for carriage between the same points, only one of those carriers may be used.
7. Where no carrier is indicated between two points, travel is limited to Iberia
8. If more than one routing is applicable via the same fare, the passenger, prior to the issuance of the ticket, may specify the routing. If no routing is specified by the passenger, the carrier will determine the routing.

Rule 54: Interline Baggage Acceptance

Definitions

"Airline Designator Code"

an identification code comprised of two-characters which is used for commercial and traffic purposes such as reservations, schedules, timetables, ticketing, tariffs and airport display systems. Airline designators are assigned by IATA. When this code appears on a ticket, it reflects the carrier that is marketing the flight, which might be different from the carrier operating the flight.

"Baggage Rules"

the conditions associated with the acceptance of baggage, services incidental to the transportation of baggage, allowances and all related charges. For example, baggage rules may address the following topics:

- The maximum weight and dimensions of passenger bags, if applicable, both checked and unchecked;
- The number of checked and unchecked passenger bags that can be transported and the applicable charges;
- Excess and oversized baggage charges;
- Charges related to check-in, collection and delivery of checked baggage;
- Acceptance and charges related to special items, e.g. surf boards, pets, bicycles, etc;
- Baggage provisions related to prohibited or unacceptable items, including embargoes;
- Terms or conditions that would alter or impact the baggage allowances and charges applicable to passengers (e.g. frequent flyer status, early check-in, pre-purchasing baggage allowances with a particular credit card); and,
- Other rules governing treatment of baggage at stopover points, including passengers subject to special baggage allowances or charges, etc.

"Down Line Carrier"

any carrier, other than the selecting carrier, who is identified as providing interline transportation to the passenger by virtue of the passenger's ticket.

"Interline agreement"

an agreement between two or more carriers to co-ordinate the transportation of passengers and their baggage from the flight of one air carrier to the flight of another air carrier (through to the next point of stopover).

"Interline itinerary"

all flights reflected on a single ticket involving multiple air carriers. Only travel on a single ticket is subject to the Agency's approach provided the origin or the ultimate ticketed destination is a point in Canada.

"Interline travel"

travel involving multiple air carriers listed on a single ticket that is purchased via a single transaction.

"Marketing Carrier"

the carrier that sells flights under its code.

"Most Significant Carrier (MSC)"

is determined by a methodology, established by IATA (Resolution 302), which establishes, for each portion of a passenger's itinerary where baggage is checked through to a new stopover point, which carrier will be performing the most significant part of the service. For travelers under the Resolution 302 system, the baggage rules of the MSC will apply. For complex itineraries involving multiple checked baggage points, there may be more than one MSC, resulting in the application of differing baggage rules through an itinerary.

"Most Significant Carrier (MSC) – IATA Resolution 302 as conditioned by the Agency"

in this instance, the MSC is determined by applying IATA Resolution 302 methodology as conditioned by the Agency. The Agency's reservation has stipulated that only a single set of baggage rules may apply to any given interline itinerary. The aim of the Agency's reservation is to allow the selecting carrier to use the MSC methodology to determine which carrier's baggage rules apply to an international interline itinerary to or from Canada, while reinforcing the role of tariffs in the determination of which carrier's rules apply.

"Operating Carrier"

the carrier that operates the actual flight.

"Participating Carrier(s)"

includes both the selecting carrier and down line carriers who have been identified as providing interline transportation to the passenger by virtue of the passenger's ticket.

"Selected Carrier"

the carrier whose baggage rules apply to the entire interline itinerary.

"Selecting Carrier"

the carrier whose designator code is identified on the first flight segment of the passenger's ticket at the beginning of an interline itinerary issued on a single ticket whose origin or ultimate destination is in Canada.

"Single ticket"

a document that permits travel from origin to destination. It may include interline/code-share and intra-line segments. It may also include end-to-end combinations (i.e., stand alone fares that can be bought separately but combined together to form one price).

"Summary page at the end of an online purchase"

a page on a carrier's Web site which summarizes the details of a ticket purchase transaction just after the passenger has agreed to purchase the ticket from the carrier and has provided a form of payment.

"Ultimate ticketed destination"

In situations where a passenger's origin is a non-Canadian point and the itinerary includes at least one stop in Canada, as well as at least one stop outside of Canada. If the stop in Canada is the farthest checked point and the stop is more than 24 hours, the Agency would consider the ultimate ticketed destination to be Canada.

(A) Applicability

This rule is applicable to all interline itineraries issued on a single ticket whose origin or ultimate ticketed destination is in Canada.

It establishes how the carrier will determine which carrier's baggage rules apply to any passenger's entire interline itinerary.

(B) General

For the purposes of interline baggage acceptance:

- i. the carrier whose designator code is identified on the first segment of the passenger's interline ticket will be known as the selecting carrier.
- ii. any carrier who is identified as providing interline transportation to the passenger by virtue of the passenger's ticket will be known as a participating carrier.

(C) Baggage Rule Determination by Selecting Carrier

Checked Baggage

The selecting carrier will:

- a) Select and apply its own baggage rules as set out in its tariff to the entire interline itinerary.

OR

- b) Select the Most Significant Carrier, as determined by IATA Resolution 302 and conditioned by the Canadian Transportation Agency, in order for that carrier's baggage rules, as established in its tariff, to apply to the entire interline itinerary.

The carrier identified by means of a) or b) will be known as the selected carrier.

Carry-On Baggage

Each operating carrier's carry-on baggage allowances will apply to each flight segment in an interline itinerary. Notwithstanding, the carry-on baggage charges that will apply to the entire interline itinerary will be those of the selected carrier.

(D) Baggage Rule Application by Participating Carrier

Where the carrier is not the selected carrier on an interline itinerary but is a participating carrier that is providing transportation to the passenger based on the ticket issued, the carrier will apply as its own the baggage rules of the selected carrier throughout the interline itinerary.

(E) Disclosure of Baggage Rules

Summary Page at the end of an Online Purchase and E-Ticket Disclosure

1. For baggage rules provisions related to a passenger's 1st and 2nd checked bag and the passenger's carry-on baggage (i.e., the passenger's "standard" baggage allowance), when the carrier sells and issues a ticket for an interline itinerary, it will disclose to the passenger on any summary page at the end of an online purchase and on the passenger's itinerary/receipt and e-ticket at the time of ticketing the baggage information relevant to the passenger itinerary as set out in paragraph 2. below. The disclosed information will reflect the baggage rules of the selected carrier.
2. The carrier will disclose the following information:

- a) name of the carrier whose baggage rules apply;
 - b) passenger's free baggage allowance and/or applicable fees;
 - c) size and weight limits of the bags, if applicable;

 - e) existence of any embargoes that may be applicable to the passenger's itinerary; and,
 - f) application of baggage allowances and charges (i.e., whether they are applied once per direction or if they are applicable at each stopover point).
3. The carrier will provide this information in text format on the passenger's e-ticket confirmation. Any fee information provided for carry-on bags and the first and second checked bag will be expressed as specific charges (i.e., not a range).

Web site Disclosure

The carrier will disclose on its Web site, in a convenient and prominent location, a complete and comprehensive summary of all of the carrier's own baggage rules, including information concerning:

- a) The maximum weight and dimensions of passenger bags, if applicable, both checked and unchecked;
- b) The number of checked and unchecked passenger bags that can be transported and the applicable charges;
- c) Excess and oversized baggage charges;
- d) Charges related to check in, collection and delivery of checked baggage;
- e) Acceptance and charges related to special items, e.g. surf boards, pets, bicycles, etc.;
- f) Baggage provisions related to prohibited or unacceptable items, including embargoes;
- g) Terms or conditions that would alter or impact the baggage allowances and charges applicable to passengers (e.g. frequent flyer status, early check in, pre-purchasing baggage allowances with a particular credit card);and,

- h) Other rules governing treatment of baggage at stopover points, including passengers subject to special baggage allowances or charges, etc.

Rule 55: Baggage Acceptance

(A) Applicability

This rule applies to intraline (online) transportation of baggage and interline transportation of baggage where the carrier is selected to apply its own baggage rules to an entire interline itinerary.

(B) General Conditions of Acceptance of Checked and Unchecked Baggage

- b) Checked baggage will be carried on the same aircraft as the passenger unless the baggage is delayed or the carrier decides that it is impractical to carry the baggage on the same aircraft. In case of delay, the carrier will take necessary steps to inform the passenger on the status of the baggage, ensure the passenger has their incidentals covered or an overnight kit is provided as practicable and arrange to deliver the baggage to the passenger as soon as possible unless applicable laws require the presence of the passenger for customs clearance. The passenger will have to pay an additional charge for checked baggage if number of checked baggage exceeds the free allowance (when any) specified in the fare of its ticket. See Table 1 for details.

c) Objects which are not suitable for carriage as checked baggage (e.g. delicate musical instruments) will only be accepted for transportation in the passenger cabin of the aircraft if advance notice is given to the carrier and the carrier agrees to carry the object – See conditions in Appendix 3. Passengers should contact the carrier or review its Web site for more information about which objects are not suitable for carriage as checked baggage and will only be accepted for transportation in the passenger cabin of the aircraft upon prior agreement with the carrier.

(C) Free Baggage Allowance

The passenger is entitled to carry free of charge one piece of unchecked baggage within the carrier's size (56cm x 40cm x 25cm) and weight (14kg Business, 10kg all the other cabins) to be taken onboard the aircraft.

2. Only the passenger who was given a baggage identification tag when the carrier took possession of the baggage is entitled to accept delivery of the baggage.
3. If the passenger claiming the checked baggage is unable to produce his/her portion of the baggage identification tag and identify the baggage by means of its baggage identification tag, the carrier must receive satisfactory proof that the baggage belongs to the passenger in question before delivering the baggage to the passenger.
3. Acceptance of the baggage without complaint, within the time limits stipulated in Rule 125(D), by the passenger in possession of the baggage identification tag is evidence that the carrier delivered the baggage in good condition and in accordance with this tariff.

(E) Excess Baggage

(F) Excess Value Declaration Charge

The passenger may declare a value in excess of the applicable liability limits for the checked baggage and pay any excess value charges to the carrier prior to departure at the point of check-in at the rate CAD 0,5 per CAD100. To accept baggage under these conditions, its valuation must exceed 1.1331 special drawing rights and the maximum Value Declaration limit per passenger may not exceed CAD 6000 or their equivalent.

2. The carrier will, at its sole discretion, refuse to carry any baggage because of its size, shape, weight or character.
3. Unless advance arrangements have been made with the carrier, the carrier may carry on later flights baggage which is in excess of the free baggage allowance.

Note: This provision does not apply to aids for persons with disabilities.

See Rule 71(F)

(I) Right of Search

The carrier may request the passenger to permit a search to be conducted of his/her person and baggage. The carrier may search baggage in the passenger's absence. The purpose of any search is to ensure aircraft and passenger safety, security and to determine whether the passenger is in possession of or the baggage contains items mentioned in (G) above or any arms or ammunition which have not been presented to the carrier. If the passenger refuses to comply with the request for search, the carrier may refuse to carry the passenger and/or his/her baggage.

In the case of code-share, passengers are advised that the carriage of persons with disabilities rules applicable to their transportation are those of the carrier identified on your ticket and not of the carrier operating the flight.

(A) Acceptance for Carriage

The carrier will make every effort to accommodate a person with a disability and will not refuse to transport a person solely based on his/her disability. In instances when refusing transportation to a person with a disability is necessary, the carrier will provide a written explanation to the person for the decision to refuse carriage at the time of the refusal.

(B) Acceptance of Declaration of Self-Reliance

Except for applicable safety-related rules and regulations, the carrier will accept the determination made by or on behalf of a person with a disability as to self-reliance. Once advised that he or she is “self-reliant,” the carrier shall not refuse such passenger transportation on the basis that the person with a disability is not accompanied by a personal attendant or based on the assumption that the passenger may require assistance from airline employees in meeting the passenger’s needs such as assistance with eating, using the washroom facilities or administering medication which are beyond the range of services that are normally offered by the carrier.

See also: Rule 105(A)6.(d), Refusal to Transport, Passenger’s Condition, Medical clearance

(C) Medical Clearance

A carrier will not automatically require a medical clearance for persons with disabilities as a condition of travel. Rather, a carrier may, in good faith and using its reasonable discretion, determine that a person with a disability requires medical clearance where their safety or well-being, in terms of such things as assistance with eating, using the washroom facilities, or that of other passengers is in question. Where a carrier refuses to transport a passenger for such reasons, a written explanation must be provided at the time of refusal. When medical clearance is required a carrier may assess a person’s fitness to travel based on information and/or documentation submitted by the person with a disability (such as a note from the person’s physician or healthcare professional).

See also: Rule 105(A)6.(d), Refusal to Transport, Passenger’s Condition, Medical clearance

(D) Advance Notice

Where a passenger requests a service set out in this rule at least 48 hours prior to departure, the carrier will provide the service. Where a passenger requests a service less than 48 hours prior to departure, the carrier will make a reasonable effort to provide the service.

(E) Seating Restrictions and Assignments

When a person identifies the nature of his or her disability, the carrier will inform the passenger of the available seats that are most accessible and then establish with that passenger an appropriate seat assignment.

Passengers with a disability will not be permitted to occupy seats in designated emergency exit rows, or otherwise in accordance with applicable safety-related rules and regulations.

Persons with disabilities and their attendants, who will meet the persons' disability-related needs, will be seated together.

(F) Acceptance of Aids

In addition to the regular baggage allowance, the carrier will accept, without charge, as priority checked baggage, mobility aids, including:

(H) Service Animals

The carrier will accept for transportation, without charge, a Service Animal required to assist a person with a disability provided that the animal is properly harnessed and certified in writing as having been trained by a professional service animal institution. For the comfort of all passengers, the carrier staff will determine, in consultation with the person with a disability, where the person and Service Animal will be seated. The carrier will assign a seat to the person which provides sufficient space for the person and the Service Animal and the carrier will permit the Service Animal to accompany the person on board the aircraft and to remain on the floor at the person's passenger seat. Where there is insufficient floor space in the seat row of the person's passenger seat, the carrier will permit the service animal to remain on the floor in an area where the person can still exercise control over the animal.

See also: Rule 75, Acceptance of Animals (Service Animals and Pets), and for provisions related to limitations of liability regarding Service Animals, refer to Rule 120(B)4., Service animals or Rule 121(B)4., Service animals

(I) Services to be Provided to Persons with Disabilities

(J) Boarding and Deplaning

Where a person with a disability requests assistance in boarding or seating or in stowing carry-on baggage, an air carrier will allow the person, upon request, to board the aircraft in advance of other passengers where time permits. The carrier may also require a person, even in the absence of a request to do so, to board the aircraft in advance of other passengers in order that it has sufficient time to provide the requested assistance.

(K) Communication and Confirmation of Information

Announcements to passengers concerning stops, delays, schedule changes, connections, onboard services and claiming of baggage will be made in visual, verbal and/or written format to persons with disabilities who request such a service.

The carrier will supply a written confirmation of services that it will provide to that person.

Modification to reflect that pre-boarding can occur upon request of the person with a disability as well as a requirement by the carriers.

(C) Fines, Detention Costs

1. If the carrier is required to pay any fine or penalty or has incurred any expense because the passenger was refused entry into a country by reason of her/his failure to comply with the laws, regulations, orders and/or requirements of that country or has failed to produce required travel documents, the passenger will reimburse the carrier, on demand, any amount so paid or expenses incurred by the carrier.

2. A passenger found inadmissible either en route or at destination will not be provided a refund by the carrier on any used sector irrespective of the fare purchased. However, the passenger will be entitled to any residual value remaining on his or her ticket for any unused sectors. The passenger may choose to have this residual value refunded or applied towards the issuance of another ticket.
3. Due to the passenger's inadmissibility into a country of transit or destination, the passenger must pay the carrier the applicable fare to be transported from the country where entry was refused to the original point of origin or to an alternative destination. The carrier will apply to the payment of such a fare any funds paid by the passenger to the carrier for unused carriage, or any funds of the passenger in possession of the carrier.

(D) Customs and Immigration Inspection

As required, the passenger must be present for the inspection of his/her baggage by customs or other government officials.

The carrier will not be liable for any loss or damage suffered by the passenger in the course of such inspection or through the passenger's failure to comply with this requirement if the passenger's baggage was not in the charge of the carrier.

Rule 90: Schedule Irregularities

(A) Applicability

This rule applies to all passengers irrespective of the type of fare on which they are travelling.

Subject to any applicable laws and regulations, this rule will apply on its flights.

(B) General

1. The carrier will make all reasonable efforts to transport the passenger and his/her baggage at the times indicated in its timetable.
2. Times shown in timetables or elsewhere are approximate and not guaranteed and form no part of the contract of carriage. The carrier will not be responsible for errors or omissions either in timetables or other representation of schedules. No employee, agent or representative of the carrier is authorized to bind the carrier by any statement or representation regarding the dates or times of departure or arrival, or of the operation of any flight.
3. The carrier will not guarantee and will not be held liable for cancellations or changes to flight times that appear on passengers' tickets due to force majeure. However, in the case of international transportation, a passenger may invoke the provisions of the Convention regarding liability in the case of passenger delay. (See Rule 121(B)3.)
4. The carrier will make all reasonable efforts to inform passengers of delays and schedule changes and, to the extent possible, the reason for the delay or change.

 - (a) Carry the passenger to the destination named on the ticket, or applicable portion thereof, within a reasonable amount of time, on another of its passenger aircraft or in a different class of service on which space is available, without additional charge, regardless of the class of service in which the passenger was booked; or,

- (e) Otherwise, should the alternate transportation proposed by the carrier not meet the passenger's satisfaction, the carrier will offer a refund equal to the fare and charge paid. The refund will be made to the purchaser of the ticket(s). The form of refund will be the same form used as payment of the ticket(s). The refund will be based on the total value of the ticket(s). For complete conditions on refunds see Rule 125(B)2.(b), Refunds, Involuntary Refunds.

Nothing in the above shall limit or reduce the passenger's right, if any, to claim damages, if any, under the applicable convention, or under the law when neither convention applies.

In addition to the above, the carrier will always consider the needs of the passenger on a case by case basis and take into account all known circumstances to avoid or mitigate the damages caused by the schedule irregularity within the carrier's control.

3. In the event of a schedule irregularity not within the carrier's control (e.g. Force Majeure), the carrier will provide the following:

For complete conditions on refunds see Rule 125(B)2.(c) and (d), Refunds, Involuntary Refunds.

The refund will be made to the purchaser of the ticket(s). The form of refund will be the same form used as payment of the ticket(s). The refund will be based on the total value of the ticket(s). Rule 95: Denied Boarding and Overbooking

Note: In the case of code-share, passengers are advised that the denied boarding rules applicable to their transportation are those of the carrier identified on your ticket and not of the carrier operating the flight.

When the carrier is unable to provide previously confirmed space due to there being more passengers holding confirmed reservations and tickets than for which there are available seats on a flight, the carrier will follow the provisions of this rule, unless as otherwise provided in other applicable foreign legislation.

(A) Applicability

1. This rule applies to all passengers irrespective of the type of ticketed fare.

When a situation of denied boarding due to overbooking occurs, the following will apply:

1. The carrier will publically ask for volunteers to relinquish their seats from among the confirmed passengers. At the same time, the carrier will announce what type of benefits passengers will be entitled to should a passenger voluntarily relinquish his/her seat. This request process will take place at the check-in or boarding areas. The carrier will continue to make this request of passengers until it obtains enough volunteers to prevent other passengers from being involuntarily denied boarding or until it determines that it does not, despite its best efforts, have enough volunteers.
2. Once a passenger has voluntarily relinquished his/her seat, the passenger will not later be involuntarily denied boarding unless he/she has been advised at the time he/she volunteered of such possibility. At the time the passenger is advised of such possibility of a further denial of boarding, the passenger is to be advised of any further compensation to which he or she may be entitled to receive.
3. The passenger who voluntarily surrenders his/her seat will receive agreed upon benefits from the carrier. Volunteers will be offered rerouting/refund options as set out in Paragraph (D) 1., 2. and 3. of this rule over and above the

mentioned benefits. In addition, a passenger who has voluntarily surrendered his/her seat will be offered the following free of charge:

- (a) A meal voucher, if the transportation acceptable to the passenger departs more than four (4) hours after the original departure time of the flight on which passengers were denied boarding.
- (b) An overnight hotel stay and airport transfers, if the transportation acceptable to the passenger departs more than eight (8) hours after the original departure time of the flight on which the passenger was denied boarding and involves an overnight stay, provided the passenger's travel did not start at the airport where the denied boarding situation occurred.
- (c) A telephone call, e-mail or fax message to the destination point of travel.

(C) Boarding Priorities

In the event there are not enough volunteers, the remaining passengers will be denied boarding on an involuntary basis. Passengers holding confirmed and ticketed reservations will be permitted to board in the following order until all available seats are occupied:

1. Persons with disabilities and any accompanying attendant or service animal.
2. Passengers traveling due to death or illness of a member of the passenger's family.

5. Passengers travelling as a group including the tour conductor of the group.
6. All other passengers with confirmed and ticketed reservations will be accommodated in the order in which they presented themselves for check-in.

A passenger has the right to take the flight he or she has purchased. The carrier will present a passenger who has been denied boarding, whether voluntarily or involuntarily, with the following options:

1. Carry the passenger to the destination named on the ticket, or applicable portion thereof, within a reasonable amount of time, on another of its passenger aircraft or in a different class of service on which space is available, without additional charge, regardless of the class of service in which the passenger was booked or,

2. Reroute the passenger to the destination named on the ticket, or applicable portion thereof, on its own transportation services within a reasonable amount of time. If the fare for the revised routing or class of service is higher than the fare paid by the passenger, the carrier will require no additional payment from the passenger. If the fare for the revised routing is in a lower class of service, a refund will be made for the difference in fare. The refund will be made to the purchaser of the ticket. If the fare for the revised routing is in a lower class of service, a refund will be made for the difference in fare. The refund will be made to the purchaser of the ticket. The form of refund will be the same as the form of payment used for the ticket. The refund will be based on the total value of the ticket or,
4. If the passenger chooses to no longer travel as the denied boarding results in the loss of purpose of travel or if the carrier is unable to perform the options stated in (1), (2) or (3) above within a reasonable amount of time, the carrier will transport the passenger to the point of origin named on the ticket and refund the full amount of the ticket in accordance with Rule 125(B)2.(a), Refunds, Involuntary Refunds, irrespective if travel has commenced, or subject to passenger's agreement, offer a travel voucher for future travel in the same amount;
5. Otherwise, should the alternate transportation proposed by the carrier not meet the passenger's satisfaction, the carrier will offer a refund equal to the fare and charge paid. The refund will be made to the purchaser of the ticket(s). The form of refund will be the same form used as payment of the ticket(s). The refund will be based on the total value of the ticket(s). For complete conditions on refunds see Rule 125(B)2.(b), Refunds, Involuntary Refunds.

Nothing in the above shall limit or reduce the passenger's right, if any, to claim damages, if any, under the applicable convention, or under the law when neither convention applies.

In addition to the above, the carrier will always consider the needs of the passenger on a case by case basis and take into account all known circumstances to avoid or mitigate the damages caused by the schedule irregularity within the carrier's control.

The carrier is also required to screen each passenger who appears to be 18 years of age or older by comparing the passenger, and in particular the passenger's entire face, against one piece of government-issued photo identification that shows the passenger's name, date of birth and gender.

4. Immigration or Other Similar Considerations

When the passenger is to travel across any international boundary, if:

- (a) The travel documents of the passenger are not in order; or,
- (b) For any reason the passenger's embarkation from, transit through, or entry into any country from, through, or to which the passenger desires transportation would be unlawful or would otherwise not be permitted.

5. Failure to Comply with Carrier's Rules and Regulations

6. Passenger's Condition

- (a) When the passenger's actions or inactions prove to the carrier that his/her mental, intellectual or physical condition is such as to render him/her incapable of caring for himself/herself without assistance or medical treatment en route unless:

- (b) When the passenger has a contagious disease.
- (c) When the passenger has an offensive odour.

Medical clearance

- (d) When the carrier determines, in good faith and using its reasonable discretion, that a passenger's medical or physical condition involves an unusual hazard or risk to their self or other persons (including, in the case of expectant mothers, unborn children) or property. The carrier can require the passenger to provide a medical certificate that then may be assessed by the carrier's own medical officer as a condition of the passenger's acceptance for subsequent travel. The carrier may refuse transportation to the person posing such hazard or risk.

Note: Pregnant passengers:

It is necessary to present a medical certificate, issued during the 7 days previous to the flight :

- From the week 36 of gestation or if the birth is expected in less than 4 weeks

- When runs into complications during her pregnancy or if the date of birth is unknown or if complications in the childbirth are expected or there is existence of a family history of multiple births

However, the carrier will accept escorted passengers under the following conditions when the passenger has a mental health condition and is under care of a psychiatric institution or in custody of law enforcement personnel or other responsible authority:

(B) Passenger's Conduct – Refusal to Transport – Prohibited Conduct and Sanctions

1. Prohibited Conduct

Without limiting the generality of the preceding provisions, the following constitutes prohibited conduct where it may be necessary, in the reasonable discretion of the carrier, to take action to ensure the physical comfort or safety of the person, other passengers (in the future and present) and/or the carrier's employees; the safety of the aircraft; the unhindered performance of the crew members in their duty onboard the aircraft; or safe and adequate flight operations:

- (a) The person, in the reasonable judgement of a responsible employee of the carrier, is under the influence of alcohol or drugs (except a patient under medical care).

- (b) The person's conduct, or condition is or has been known to be abusive, offensive, threatening, intimidating, violent or otherwise disorderly, and, in the reasonable judgement of a responsible employee of the carrier, there is a possibility that the person would cause disruption or serious impairment to the physical comfort or safety of other passengers or carrier's employees, interfere with a crew member in the performance of his/her duties, or otherwise jeopardize safe and adequate flight operations.
- (c) The person's conduct involves any hazard or risk to their self or other persons (including travel involving pregnant passengers or unborn children) or to property.
- (d) The person fails to observe the instructions of the aircraft crew, including instructions to stop any prohibited conduct.

2. Carrier Response to Prohibited Conduct

Where, in the exercise of its reasonable discretion, the carrier decides that the passenger has engaged in prohibited conduct described above, the carrier may impose any combination of the following sanctions:

- (a) Removal of the passenger at any point.
- (b) **Probation:** At any time, the carrier may stipulate that the passenger is to follow certain probationary conditions, such as to not engage in prohibited conduct, in order for the carrier to provide transport to the passenger. Such probationary conditions may be imposed for any length of time which, in the

exercise of the carrier's reasonable discretion, is necessary to ensure the passenger continues to avoid prohibited conduct.

- (c) **Refusal to Transport the Passenger:** The length of this refusal to transport may range from a one-time refusal to a longer period determined at the reasonable discretion of the carrier in light of the circumstances. Such refusal will be for a period appropriate to the nature of the prohibited conduct and until the carrier is satisfied that the passenger no longer constitutes a threat to the safety of other passengers, crew or the aircraft or to the comfort of other passengers or crew; the unhindered performance of the crew members in their duty onboard the aircraft; or safe and adequate flight operations.
- (d) The following conduct will automatically result in a refusal to transport, up to a possible lifetime ban:
- (i) The person continues to interfere with the performance of a crew member's duties despite verbal warnings by the crew to stop such behaviour.
 - (ii) The person injures a crew member or other passenger or subjects a crew member or other passenger to a credible threat of injury.
 - (iii) The person displays conduct that requires an unscheduled landing and/or the use of restraints such as ties and handcuffs.
 - (iv) The person repeats a prohibited conduct after receiving a notice of probation as mentioned in 2. above.

These remedies are without prejudice to the carrier's other rights and recourses, namely to seek recovery of any damage resulting from the prohibited conduct or as otherwise provided in the carrier's tariffs, including recourses provided in the carrier's frequent flyer program or the filing of criminal or statutory charges.

(C) Recourse of the Passenger/Limitation of Liability

1. The carrier's liability in case of refusal to carry a passenger for a specific flight or removal of a passenger en route for any reason specified in the foregoing paragraphs will be limited to the recovery of the refund value of the unused portion of the passenger's ticket in accordance with Rule 125(B), Involuntary Refunds.

Notwithstanding the foregoing paragraph, passengers and their baggage will be entitled to all other additional rights they may have under this tariff or elsewhere or any legal rights that international passengers may have pursuant to international conventions (e.g., the [Warsaw Convention](#) or the [Montreal Convention](#)) and related treaties.

2. A person who is refused carriage for a period of time, up to a lifetime ban, or to whom a probation notice is served may provide to the carrier, in writing, the reasons why he/she believes they no longer poses a threat to the safety or comfort of passengers or crew, or to the safety of the aircraft. Such document may be sent to the address provided in the refusal to carry notice or the notice of probation.
3. The carrier will respond to the passenger within a reasonable period of time providing carrier's assessment as to whether it remains necessary to continue the ban or maintain the probation period.

Rule 110: Passenger Expenses En Route

(A) General

1. The fare paid for a ticket does not include the cost of any expenses the passenger may incur en route.
2. The carrier will absorb passenger expenses en route which may include hotel accommodations, charges for communications, ground transfer services or meals other than those served onboard an aircraft when the passenger's flight is delayed, or when the passenger is not able to immediately travel on a connecting flight (booked on same reservation) at a transfer point when it is due to schedule irregularity within carrier's control.

Rule 115: Tickets

(A) General

1. A ticket will not be issued and the carrier will not carry the passenger unless the passenger has paid the applicable fare or has complied with all credit arrangements.
2. Before boarding, the passenger must present the carrier with proof that he/she has been issued a valid ticket for the flight. Such proof must be in the form of an itinerary/receipt, a record locator or reservation number, or boarding pass and the passenger must provide the carrier with positive identification to be entitled to transportation. The ticket will give the passenger the right to transportation only between the points of origin and destination, and on the dates, times and via the routing shown on the ticket.
3. Flight coupons will be honoured only in the order, in which they are displayed on the passenger's ticket and stored in the carrier's database.
4. The ticket remains at all times the property of the carrier which issued the ticket.
5. The carrier does not permit the passenger to hold more than one confirmed reservation/ticket on the same departure flight/origin and destination for the same travel date.

(B) Validity for Carriage

1. **General:** When validated, the ticket is good for carriage from the airport of departure to the airport of destination via the route shown on the ticket, for the applicable class of service and is valid for the period of time referred to in 2 below. The passenger will be accepted for carriage on the date and flight segments for which a seat has been reserved. When flight segments are issued on an "**open date**" basis (see Rule 115(G) below), a seat will be reserved only when the passenger makes a reservation request with the carrier. The carrier's agreement to accept a reservation request is subject to the availability of space. The place and date of issue are then indicated on the ticket.
2. **Period of Validity:** Generally, the period of validity for transportation will be one year from the date on which transportation commences at the point of origin designated on the original ticket, or, if no portion of the ticket is used, one year from the date of issuance of the original ticket. However, certain fares may have different periods of validity. If this is the case, the specific rules associated with the fare will take precedence.

3. **Computation of the Ticket Validity:** When computing the ticket validity i.e., the minimum/maximum stays and any other calendar periods set out in the ticket, the first day to be counted will be the day following the date that transportation commenced or that the ticket was issued.
4. **Expiration of Validity:** Tickets expire at midnight on the last day of validity based on where the ticket was issued.

(C) Extension of Ticket Validity

1. **Carrier's Operations:** If a passenger is prevented from travelling within the period of validity of his/her ticket because the carrier:
 - (a) Cancels the flight upon which the passenger holds confirmed space;
 - (b) Omits a scheduled stop, provided this is the passenger's place of departure, place of destination, or place of stopover;
 - (c) Fails to operate a flight reasonably according to schedule;
 - (d) Causes the passenger to miss a connection;
 - (e) Is unable to provide previously confirmed space.

The carrier will, without collecting any additional fare, extend the validity of the passenger's ticket until the passenger can travel on the first flight of the carrier, in the class of service which the passenger's fare was paid, and for which space is available.

2. **Lack of Space:** If the passenger who is in possession of a ticket is prevented from travelling within the period of validity of his/her ticket because the carrier is unable to provide space, the validity of the passenger's ticket will be extended until he/she can be re-accommodated on the first flight which has space available in the same class of service which the passenger had originally paid to travel.

(D) Waiver Minimum/Maximum Stay Provision

1. In the Event of Death of a Family Member Not Accompanying the Passenger

If the passenger holding a special fare ticket returns prior to the expiry of the minimum stay requirement because of the death of an immediate family member not accompanying the passenger, the passenger will be entitled to a refund of the additional amounts paid in order to return early, provided the passenger has bought cancellation protection and provides the air carrier with death certificate.

2. In the Event of a Passenger's Death – Provisions for Accompanying Passengers

(a) **Intentionally left blank**

(E) Upgrading (Changing from a Lower to a Higher Fare Ticket)

1. Before travel commences, a passenger may upgrade to a fare of higher value to travel to any of the carrier's destinations in the world provided travel is in accordance with 3 below.
2. Passengers upgrading in accordance with 1 above, may do so provided:
 - (a) Ticketing and advance purchase requirements of the new fare have been met; and
 - (b) Travel is via Iberia;
 - (c) Reservations have been booked in the appropriate class of service of the new fare; and
 - (d) The difference in fares has been paid
4. After departure, the passenger holding a ticket for return, circle trip or open jaw travel may upgrade the total fare in accordance with the rules of the fare paid.
5. The original fare paid (including all additional charges) will be used as a full credit towards the fare for the upgraded journey.
6. In the event travel at the new fare is subsequently changed and/or cancelled, the higher fee(s) for either the originally purchased or new fare shall be assessed.

(F) Coupon Sequence

Flights appearing on the passenger's itinerary receipt and in the carrier's database must be used in sequence from the place of departure as shown on the passenger's ticket. Each flight coupon will be accepted for transportation in the class of service on the date and flight for which space has been reserved.

(G) Open Tickets

If a ticket or a flight coupon is issued without a specific seat on a flight being reserved in the carrier's reservation system, i.e. left open, space may be later reserved subject to the tariff conditions of the purchased fare and provided space is available on the flight requested.

(H) Non-transferability

A ticket is not transferable.

Note: The carrier will not be liable to the person named on the ticket if the ticket is either presented for transportation or for a refund by another person. The carrier will refuse transportation to any person other than the person named on the ticket.

(I) Prohibited Practices

The carrier specifically prohibits the practice commonly known as:

Hidden City or Point Beyond Ticketing: The purchase of a fare from a point before the passenger's actual point of origin or to a point beyond the passenger's actual destination.

Use of this practice will result in the passenger's reservation being cancelled and the passenger will not be entitled to a refund.

(J) Invalidated Tickets

If the passenger attempts to circumvent any term or condition of sale or the carrier determines that the passenger is making use of any of the prohibited practices specified in (H) above, this will cause the passenger's ticket to be invalid and the carrier will have the right to:

- (a) Cancel any remaining portion of the passenger's itinerary; and
- (b) Confiscate unused flight coupons; and
- (c) Refuse to board the passenger or check the passenger's baggage; and/or

- (d) Charge the passenger for the true value of the ticket, which shall be no less than the difference between the fare actually paid and the lowest fare for the passenger's actual itinerary.

Part IV – After Travel

Part IV – After Travel

Rule 121: Limitations of Liability

Applicable to International Transportation to and from Canada

(A) Successive Carriers

Transportation to be performed under one ticket or under a ticket issued with any conjunction ticket by several successive carriers will be regarded as single operation.

(B) Laws and Provisions Applicable

Liability in the case of death or bodily injury of a passenger

1. The carrier shall be liable under [Article 17 of the Warsaw Convention](#) or [Montreal Convention](#), whichever may apply, for recoverable compensatory damages sustained in the case of death or bodily injury of a passenger, as provided in the following paragraphs:
 - (a) The carrier shall not be able to exclude or limit its liability for damages not exceeding 128,821 Special Drawing Rights for each passenger.
 - (b) The carrier shall not be liable for damages to the extent that they exceed 128,821 Special Drawing Rights for each passenger if the carrier proves that:
 - (i) Such damage was not due to the negligence or other wrongful act or omission of the carrier or its servants or agents; or
 - (ii) Such damage was solely due to the negligence or other wrongful act or omission of a third party.
 - (c) The carrier reserves all other defenses and limitations available under the [Warsaw Convention](#) or the [Montreal Convention](#), whichever may apply, to such claims including, but not limited to, the exoneration defense of [Article 21 of the Warsaw Convention](#) and [Article 20 of the Montreal Convention](#), except that the Carrier shall not invoke [Articles 20 and 22\(1\) of the Warsaw Convention](#) in a manner inconsistent with paragraphs 1 and 2 hereof.
 - (d) With respect to third parties, the Carrier reserves all rights of recourse against any other person, including, without limitation, rights of contribution and indemnity.
 - (e) The carrier agrees that, subject to applicable law, recoverable compensatory damages for such claims may be determined by reference

to the laws of the country of the domicile or country of permanent residence of the passenger.

2. In cases of bodily injury or death, the carrier shall make an advance payment where the Carrier determines it is necessary to meet the immediate economic needs of, and hardship suffered by, a passenger as provided in the following paragraphs:
 - (a) Unless a dispute arises over the identity of the person to whom an advance payment shall be made, the Carrier shall, without delay, make the advance payment to the passenger in an amount or amounts determined by the Carrier in its sole discretion. In the event of death of a passenger, the amount of the advance payment shall not be less than 16,000 Special Drawing Rights, which shall be paid to a representative of the passenger's next of kin eligible to receive such advance payment as determined by the Carrier in its sole discretion.
 - (b) The Carrier shall make the advance payment as an advance against the Carrier's liability under the [Warsaw Convention](#), or the [Montreal Convention](#), whichever may apply. An advance payment shall not constitute recognition of liability. An advance payment shall be offset against, or deducted from the payment of, any settlement or judgment with respect to any claim for compensation on behalf of the passenger.
 - (c) The Carrier, in making an advance payment, does not waive any rights, defenses, or limitations available under the [Warsaw Convention](#), or the [Montreal Convention](#), whichever may apply, to any claim, nor shall acceptance of an advance payment constitute a release of any claim, whatsoever, by any person.
 - (d) The Carrier, in making an advance payment, preserves its right to seek contribution or indemnity from any other person for such payment, which shall not be deemed to be a voluntary contribution or contractual payment on the part of the Carrier.
 - (e) The Carrier may recover an advance payment from any person where it is proven that the Carrier is not liable for any damage sustained by the passenger, or where it is proven that the person was not entitled to receive the payment, or where and to the extent that it is proven that the person who received the advance payment caused, or contributed to, the damage.

Liability in the case of passenger delay

3. The Carrier shall be liable for damage occasioned by delay in the carriage of passengers by air, as provided in the following paragraphs:

- (a) The Carrier shall not be liable if it proves that it and its servants and agents took all measures that could reasonably be required to avoid the damage, or that it was impossible for it or them to take such measures.
- (b) Damages occasioned by delay are subject to the terms, limitations and defenses set forth in the [Warsaw Convention](#) and the [Montreal Convention](#), whichever may apply, in addition to any limitation or defense recognized by a Court with proper jurisdiction over a claim.
- (c) The Carrier reserves all defenses and limitations available under the [Warsaw Convention](#) or the [Montreal Convention](#), whichever may apply to claims for damage occasioned by delay, including, but not limited to, the exoneration defense of [Article 21 of the Warsaw Convention](#) and [Article 20 of the Montreal Convention](#). Under the [Montreal Convention](#), the liability of the Carrier for damage caused by delay is limited to 5,346 Special Drawing Rights per passenger. The limits of liability shall not apply in cases described in [Article 25 of the Warsaw Convention](#) or [Article 22\(5\) of the Montreal Convention](#), whichever may apply.

Liability in the case of destruction or loss of, damage to, or delay of checked and unchecked baggage

- 4. The Carrier is liable for damages sustained in the case of destruction or loss of, damage to, or delay of checked and unchecked baggage, as provided in the following paragraphs:
 - (a) Except as provided below, the liability of the Carrier is limited to 1,288 Special Drawing Rights for each passenger in the case of destruction, loss, damage, or delay of baggage, whether checked or unchecked, under the Warsaw Convention or the Montreal Convention, whichever may apply. Unless the passenger proves otherwise:
 - (i) All baggage checked by a passenger shall be considered to be the property of that passenger;
 - (ii) A particular piece of baggage, checked or unchecked, shall not be considered to be the property of more than one passenger; and
 - (iii) Unchecked baggage, including personal items, shall be considered to be the property of the passenger in possession of the baggage at the time of embarkation.
 - (b) If a passenger makes, at the time checked baggage is handed to the Carrier, a special declaration of interest and has paid a supplementary sum, if applicable, the Carrier will be liable for destruction, loss, damage, or delay of such checked baggage in an amount not exceeding the declared amount, unless the Carrier proves that the declared amount is greater than the passenger's actual interest in delivery at destination. The declared amount, and the Carrier's liability, shall not exceed the total

amount of declaration permissible under the Carrier's regulations, inclusive of the limitation of paragraph (B)4(a) hereof. In the case of transportation under the [Warsaw Convention](#), no supplementary sum shall apply unless the declared amount exceeds 19 Special Drawing Rights per kilogram of the total recorded weight of the checked baggage at the time the baggage is handed to the Carrier.

Note: this provision is not applicable to a person with a disability's mobility aid.

- (c) In the case of unchecked baggage, the Carrier is liable only to the extent the damage resulted from its fault, or that of its servants or agents.
- (d) The carrier is liable for the damage sustained in case of destruction or loss of, or damage to, checked baggage upon condition only that the event which caused the destruction, loss or damage took place on board the aircraft or during any period within which the checked baggage was in the charge of the carrier. However, the carrier is not liable if and to the extent that the damage resulted from the inherent defect, quality or vice of the baggage. Further, the carrier's liability for the destruction, loss, damage or delay of baggage is subject to the terms, limitations and defenses set forth in the Warsaw Convention and the Montreal Convention, whichever may apply, in addition to any limitation of defense recognized by a Court with proper jurisdiction over claim.
- (e) The Carrier reserves all defenses and limitations available under the [Warsaw Convention](#) and the [Montreal Convention](#), whichever may apply to such claims including, but not limited to, the defense of [Article 20 of the Warsaw Convention](#) and [Article 19 of the Montreal Convention](#), and the exoneration defense of [Article 21 of the Warsaw Convention](#) and [Article 20 of the Montreal Convention](#), except that the Carrier shall not invoke [Article 22\(2\) and 22\(3\) of the Warsaw Convention](#) in a manner inconsistent with paragraph 1 hereof. The limits of liability shall not apply in cases described in [Article 25 of the Warsaw Convention](#) or [Article 22\(5\) of the Montreal Convention](#), whichever may apply.

Mobility aids

Note: Notwithstanding the normal carrier liability as contained in this rule, the limit of liability will be waived for claims involving the loss of, damage to, or delay in delivery of mobility aids, when such items have been accepted as checked baggage or otherwise. In the event that a mobility aid is lost or damaged, compensation is to be based on the cost of the repair or replacement value of the mobility aid.

In the event that a mobility aid is lost or damaged:

- (a) The air carrier will immediately provide a suitable temporary replacement without charge;

- (b) If a damaged aid can be repaired, in addition to (a) above, the air carrier will arrange, at its expense, for the prompt and adequate repair of the aid and return it to the passenger as soon as possible;
- (c) If a damaged aid cannot be repaired or is lost and cannot be located within 96 hours following the passenger's arrival, the carrier will in addition to (a) above, replace it with an identical aid satisfactory to the passenger, or reimburse the passenger for the replacement cost of the aid.

Service animals

Should injury or death of a Service Animal result from the fault or negligence of the carrier, the carrier will undertake to provide expeditiously, and at its own expense, medical care for or replacement of the service animal.

(C) Time Limitations on Claims and Actions

Under the [Warsaw Convention](#) and the [Montreal Convention](#), whichever may apply, an action for damages must be brought within two years, and a complaint must be made to the carrier within seven calendar days in the case of damage to baggage, and 21 calendar days in the case of delay thereof. For baggage claims, reimbursement for expenses will be based upon acceptable proof of claim.

(D) Notices

The Carrier will provide each passenger whose transportation is governed by the [Warsaw Convention](#) or the [Montreal Convention](#) with the following notice:

Advice to International Passengers on Carrier Liability

Passengers on a journey involving an ultimate destination or a stop in a country other than the country of departure are advised that international treaties known as the [Montreal Convention](#), or its predecessor, [the Warsaw Convention](#), including its amendments, may apply to the entire journey, including any portion thereof within a country. For such passengers, the treaty, including special contracts of carriage embodied in applicable tariffs, governs and may limit the liability of the Carrier in respect of death or injury to passengers, and for destruction or loss of, or damage to, baggage, and for delay of passengers and baggage.

For services provided in the EU, the Carrier will use the following Notice in addition to the preceding notice:

“Limits of liability: the applicable limits of liability for your journey on a flight ticketed by this carrier are:

1. There are no financial limits for death or bodily injury and the air carrier may make an advance payment to meet immediate economic needs of the person entitled to claim compensation;

2. In the case of destruction, loss of, or damage or delay to baggage, 1,288 Special Drawing Rights per passenger in most cases. You may benefit from a higher limit of liability for loss of, damage or delay to baggage by making at check-in a special declaration of the value of your baggage and paying any supplementary fee that may apply. Alternatively, if the value of your baggage exceeds the applicable limit of liability, you should fully insure it before you travel;
3. In the case of delay to your journey, 5,346 Special Drawing Rights per passenger.

If your journey also involves carriage by other airlines, you should contact them for information on their limits of liability.”

(E) Overriding Law

If any provision contained or referred to in the ticket or this tariff is found to be contrary to an applicable law, government regulation, order or requirement, which cannot be waived by agreement of the parties, such provision, to the extent that it is invalid, shall be severed from the ticket or tariff and the remaining provisions shall continue to be of full force and effect.

(F) Modification and Waiver

No agent, servant or representative of the carrier has the authority to alter, modify, or waive any provisions of the content of carriage or this tariff.

(G) Gratuitous Transportation

All passengers who are transported gratuitously by the carrier will be governed by all the provisions of this rule and by all other applicable rules of this tariff.

Rule 125: Refunds

(A) General

1. The passenger must present to the carrier or its authorized agent the unused flight coupons of a ticket, an itinerary/receipt, a record locator, or a reservation number as satisfactory proof that the passenger has unused portions of a ticket which are eligible for refund.
2. If, at the time of ticket purchase, the purchaser designates another person to whom the refund shall be made, then the refund will be made to the person so designated. To do so, the passenger must contact the carrier directly.
3. When there is an intermediate Agency that sold the ticket. Agency should contact IB directly.
4. Acceptance of a refund by the passenger will release the carrier from further liability.
5. In any instance where refunds are appropriate, the carrier will process requests in a timely manner and refund the fare in the original form of payment. The carrier will process refund requests within 48 hours for credit card purchases and within 48 hours for cash or cheque transactions.

(B) Involuntary Refunds

1. Involuntary refunds are not subject to any restrictions contained in the applicable fare rule.
2. The amount of the involuntary refund will be as follows:
 - (a) If, due to a schedule irregularity within the carrier's control or denied boarding in accordance with Schedule Irregularities Rule 90(C)2.(d) and Denied Boarding Rule 95(D)4., the passenger chooses to no longer travel due to loss of purpose of travel or if alternate travel could not be provided within a reasonable time, the carrier will offer a refund equal to the fare and charge paid, irrespective if travel has commenced.
 - (b) If, due to a schedule irregularity within the carrier's control or denied boarding in accordance with Schedule Irregularities Rule 90(C)2.(d) and Denied Boarding Rule 95(D)4., the passenger chooses to no longer travel because the alternate transportation offered does not meet with the passenger's satisfaction, the carrier will offer a refund equal to the fare and charge paid.

- (c) If, due to a schedule irregularity not within the carrier's control or a refusal to transport in accordance with Schedule Irregularities Rule 90(C)3.(d) and (e) and Refusal to Transport Rule 105(C)1., no portion of a ticket has been used, the amount of refund will be equal to the fare and charges paid; or
 - (d) If, due to a schedule irregularity not within the carrier's control or a refusal to transport in accordance with Schedule Irregularities Rule 90(C)3.(d) and (e) and Refusal to Transport Rule 105(C)1., a portion of the ticket has been used, the amount refunded to the purchaser will be the one that results in the most generous amount using one of the following methods:
 - (i) The difference between the fare paid and the fare for transportation actually used or to be used; or,
 - (ii) Provided that the point where travel terminated was on the passenger's routing as shown on the original ticket and the routing remains unchanged, the passenger will be refunded the difference between the one way fare applicable to the unused transportation from the point where the passenger terminated travel to the destination or next stopover point as named on the ticket or to the point at which transportation is to be resumed less the same rate of discount, (if travel is on a discount fare) that was applied to the original one way fare (including all charges). If the passenger was travelling on a round trip or circle trip ticket, the amount refunded would be based on the rate of discount of one half of the round trip fare; or,
 - (iii) If the point where the passenger terminated travel was not on the routing specified on the ticket, the refund will be based on the lowest applicable fare of any air carrier operating between the point where the passenger terminated travel to the destination or next stopover point named on the ticket or to the point at which transportation is to be resumed.
3. Involuntary refund of tickets shall be made in the currency used to issue the ticket and in the country where the ticket was purchased, whenever possible. However, Canadian dollar refunds or refunds in the currency of the country where the involuntary refund is necessary may be made at the request of the passenger provided a refund in such currency is not prohibited by local government foreign exchange control regulations.

(C) Voluntary Refunds

1. Voluntary refunds will be based on the applicable fare at the time of ticket issuance, and the refund will be made in accordance with any restrictions contained in the applicable fare rule. Some fares are non-refundable See Table 2.

2. Voluntary refunds will be made only by the carrier which originally issued the ticket or its authorized agent.
3. If no portion of a ticket has been used, the refund will be full amount of the fare paid less any cancellation fee and/or service charge.
4. If a portion of the ticket has been used, the refund will be an amount equal to the difference between the fare paid and the applicable fare for travel between the points for which the ticket has been used, less any cancellation fee and/or service charge.
5. Voluntary refund of tickets shall be made in the currency used to issue the ticket and in the country where the ticket was purchased, whenever possible.
